Drilling Rigs & Heavy Equipment:

Insurance

Work Comp

Drilling Down. Special equipment requires special knowledge, maintenance, and skills to get results. Your insurance is just as specialized.

Did you know we automatically insure your entire drill string from a down-hole loss?

AssuredPartners designed NGWA insurance to cover your drill string which ordinary insurance commonly excludes.

Did you know that losing a hole (even BIG holes) before completion is now insurable?

AssuredPartners knows losing a hole can ruin a business. And, we have your (affordable) solution.

Did you know that often many big expensive rigs and equipment are mistakenly *not* covered?

It shocks us too. AssuredPartners can find and fix this coverage gap for your company.

Heavy Responsibility. Powerful equipment makes good and bad things happen fast. Your work comp *should be* just as powerful as your BIG tools.

Did you know most business owners feel helpless when it comes to navigating the work comp system?

AssuredPartners believes knowledge is power. Let us empower you to make the most of your work comp, come what may.

Do you know how to operate your work comp policy correctly?

We do. And we teach our clients how to use it better no matter where they are.

Did you know you have options?

AssuredPartners is licensed in all 50 states and is ready to serve you!
